

2010 Meeting

Announcement Email sent: February 8, 2010

Greetings fellow EASI members:

The date and time are set! This year's EASI meeting will be Monday, April 12 and Tuesday, April 13, 2010. We will be staying at the [Disney's Coronado Springs Resort](#) in Orlando, Florida. Debby Krissinger has negotiated a great price at a fantastic hotel, and our room rate is \$139 per night (there will be no resort fees). Two years ago it cost \$269 per night in Orlando and we all paid for a daily resort fee, so we think this is a great deal. Plus the hotel is on the Disney property, so if you decide to come early or stay late you will have a nice place to stay and play.

The reaction to last years meeting was very positive with frank discussions about the EASI standards and changes we wanted to see in the standards. Some of the topics we will discuss include:

- [846-Inventory Status](#)
- [870-Order Status](#)
- [997- Functional Acknowledgement](#)
- Discuss [SSCC-18](#) barcode how it is used and why it is useful
- Plus we have also invited two companies to speak about XML and how they communicate with customers versus using flat files.
- Plus much more

We will be sending out a Group Code that you can use to register at the hotel shortly!
